June 2019 - Girton College, Cambridge. A three-day festival for its alumni to celebrate the College's 150th Anniversary. The festival reflected the College's cutting-edge research and profiled their core values rooted in excellence and inclusion. There were 89 activities in the festival brochure ranging from research talks to concerts, art exhibitions and interactive activities for the whole family.

The Brief

Decorate the Dining Hall, one large marquee for 400 people, one small marquee for 30 people & the outdoor lawn space connecting the two marquees. Create a consistent decorative theme to tie the event together across the whole College site.

Six theme words: Excellence, Diversity, Resilience, Fearlessness, Inspiration, Originality

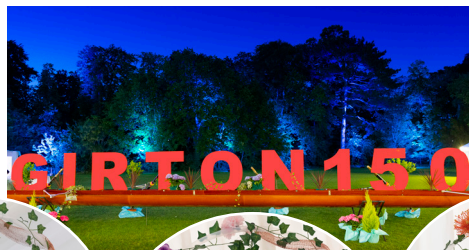

Girton rowing boat used as a centrepiece on the main lawn

Girton bicycles hung as chandeliers in the Dining Hall

LED lighting for low-cost, high-impact atmosphere.

Plants to provide height and an instant summer feel.

Theme words used to create festive floral boops which were hung throughout the marquees
