HOMERTON
CHANGEMAKERS

June 2019 - Homerton College, Cambridge. Launch of a new programme for their students to focus on non-academic skills which help build the foundations essential for success. The Changemakers programme fosters four essential qualities: Responsibility, Resilience, Action & Enterprise, and Leadership.

The Brief

Create an inviting, environmentally-friendly, unique space for the programme's high-profile launch event for 150 people. Make it as cost-effective as possible and incorporate the programme's four essential qualities in the decor.

Local family-owned nursery supplied trees & plants to decorate the marquee.

Open sided marquee with no carpet to create an outside-in feel.

Simple chairs & a low stage created an intimate garden party feel.

Recycled
blackboards & mirrors were made from stock sourced from a local homeless charity.
